

# CTECH AWARDED CANADA'S 50 BEST MANAGED IT COMPANIES FOR 2020

**CTECH Consulting Group Inc. has won  
Canada's 50 Best Managed IT Companies Award.**

CALGARY, AB - As a part of Canada's leading business awards program, this award recognizes excellence in private Canadian-owned companies. Every year, hundreds of companies go through a rigorous application process, but only the best are awarded this prestigious title.

This honor is reserved for IT companies that put forth the best business practices. According to the award's foundation, it means that "you make the difficult choices and right decisions to future-proof your business. We think it also means that you take great pride in the company that you have built."

The CTECH team takes pride in growing Canadian businesses and keeping them secure. They treat every customer as if they were their only customer. Just one of CTECH's remarkable assets is that they know Calgary, and they know IT; which makes for a win-win situation. CTECH has gained this award (and many others) by providing businesses with a range of unbeatable service benefits:

- ✓ **Works with you to create an IT plan:** Strategic planning reduces any unexpected surprises and ensures that your system stays effective and responsive as your business grows.
- ✓ **Proactive system maintenance:** Each month, their staff invests the time to cover dozens of system checks per server to stop problems before they occur.
- ✓ **Provides unlimited 24-hour IT support:** Maximum uptime keeps your staff continuously productive, keeps the revenue flowing, and ultimately, grows your business/staff
- ✓ **Builds a solid and supportable network:** If downtime occurs, they'll call upon your hardware/software vendors to fix it.
- ✓ **Deploys a proprietary monitoring system:** If a potential issue arises, their system will automatically apply the fix or notify their remote team to take immediate action.

**For more information, get in touch with the CTECH team today at (403) 457-1478 or [info@ctechgroup.net](mailto:info@ctechgroup.net).**

## **ABOUT CTECH CONSULTING GROUP INC.**
